

FloodPod visits Park Road, Elland

Friday 14th August, 2pm to 6pm

Outside V Seal, Park Road Mills, Park Road, Elland, HX5 9HX

What3words: ///boom.achieving.glass

As part of the planned flood alleviation scheme in Elland, some properties have been identified as eligible for property flood resilience (PFR) measures, funded and delivered by the Environment Agency in partnership with Calderdale Council, to protect against flooding.

We invite you to visit the FloodPod between **2pm and 6pm** on **Friday 14th August** to:

- See a variety of property flood resilience products
- Learn how these can better protect your home from flooding
- Get expert advice tailored to your property
- Ask questions and get support from the Environment Agency, Calderdale Council, and contractors

The FloodPod is a mobile demonstration unit showcasing practical PFR measures designed to help protect homes from flooding and reduce flood damage. It's a great opportunity to see flood protection products first-hand and speak directly with the project team.

For more information about the Park Road Elland PFR scheme, visit www.eyeoncalderdale.com/park-road-fas/
